In view of impending commissioning of OJ-7, it has become imperative to lay pipelines for connecting to the said jetty. Since for the said purpose, hot work would be necessary, it has been decided that only edible oil tankers would be handled in OJ-04 and OJ-05 during the period from 12.12.2022 to 26.12.2022.

All concerned are requested to take a note of the above and plan accordingly.
