Sir/Madam

Subject: Registration of different stakeholders under SCMTR-urgent onboarding-reg.

The new Sea Cargo Manifest and Transhipment Regulations (SCMTR) are slated to come into effect from 01.08.2020. The electronic message filing under SCMTR is being made live in ICES. Accordingly, different stakeholders like Terminal Operator, Shipping Lines, Custodians etc. would need to file message in the format prescribed. Different entities and messages required to be filed by them are summarised as follows,-

Sl. No.	Name of Stakeholder	Messages required to be filed under SCMTR	Brief objective of message
1	Authorized Sea Carriers/ Sea Agents (ASC/ASA)	CSN, SAM, SEI, SDM, SDN,	Arrival and Departure Manifests along with Entry Inward/Sailing Report
2	Other Notified Carriers-like Freight forwarders, NVOCCs (ANC)	CSN	Cargo Summary Notification which can be filed directly by the freight forwarder with actual cargo details. Alternately, it can also be filed by the main Vessel Operator if the details are shared by the Freight forwarder
3	Authorized Custodians (ACU)	SF/ST, AT/DT	Stuffing and de-stuffing Messages and notifications regarding actual arrival and departure of cargo.
4	Authorized Transhippers (ATP)	ASR, CIM-AR, CIM-DP	Allowed for Shipment Request and Manifests for Arrival and Departure from and to inland Customs Stations.
5	Authorized Terminal Operators (ATO)	Vessel related messages like VCN, VESPRO, Container Landed/ Loaded Reports etc.	Can be sent through PCS or directly by the custodian

2. It is emphasised that electronic process would do away with manual process; to illustrate filing of stuffing message from the Custodians will lead to discontinuation of manual entry of stuffing report in the System by Customs officers.

3. In this context, different entities need to obtain registration under SCMTR to enable them filing electronic message with Customs. Reference is invited to ICES Advisory 01/2020 dt 13.01.2020 (Annexure-I) on registration process under the SCMTR. While some stakeholders have registered successfully on ICEGATE, many are yet to do it. The readiness checklist has also not been received from most of the locations.

4. The deficiency in Custodian registration is specially pointed out. In view of message filing expected from Custodian under SCMTR, any non-filing would adversely impact process flow and movement of goods for exports. Each Custodian (including CFS Custodians) must obtain (i) the ICEGATE Registration ID, (ii) onboard MFTP for exchange of electronic messages, and (iii) registration under SCMTR as Authorized Custodian or ACU. The site-wise status of Custodian registration in all locations is enclosed for ready reference (Annexure-II). It has already been indicated during a VC on 22/06/2020 by Member (Customs) that registration of all Custodian is essential for the contactless initiative of the department and exercise should be completed within 15 days. It would adversely impact customs processes and may even lead to non-clearance of goods, if not registered.

5. To assist the officers, the readiness/registration status reports for different stakeholders in your jurisdiction has been provided in NEWMIS role in ICES which has status of registration of entities as mentioned in Table at para 1. A public enquiry is available in ICEGATE to check the SCMTR registration status for any entity based on its PAN. Officer can also verify whether any entity has already registered at any other port through ICEGATE enquiry (<https://enquiry.icegate.gov.in/enquiryatices/entityStatusEnquiry>). The stakeholders may also be advised to go through the technical guidelines for various messages published on the ICEGATE website (<https://www.icegate.gov.in/SeaManifestRegulation.html>). An FAQ has also been published on the ICEGATE website for the benefit of all concerned. In case any issue is faced in registration, the concerned stakeholders may be advised to send email to registration@icegate.gov.in.

6. It is requested that the issue of obtaining registrations under SCMTR may be taken up strongly with the concerned stakeholders (like Custodian, Shipping Lines, Freight Forwarders etc refer para 1) in your jurisdiction so that SCMTR can be rolled out smoothly

7. **Accordingly, a special registration drive may kindly be undertaken to complete their registration at the earliest. Further, Readiness Checklist as detailed in ICES Advisory 01/2020 may also be provided at the earliest on email team.ices@icegate.gov.in and dd1.icegate@icegate.gov.in**

Yours faithfully

(Anupam Prakash)

ICES Advisory 01/2020 (SCMTR) dated 13.01.2020 – Registration and Application Process for all the Stakeholders – reg.

Reference is invited to ICES Advisory 04/2019 dt 28.02.2019 on registration process under the new Sea Cargo Manifest Regulations (SCMTR). Initially, registration of only Authorized Sea Carriers (ASC) like Shipping Lines/Agents etc. was operationalized. Over the last few months, registrations of all other stakeholders have also been implemented.

2. While some stakeholders have registered successfully on ICEGATE, many are yet to do it. In this context, it is informed that vide Notification No 78/2019 – Customs (N.T.) dated 31.10.2019, the date of implementation of the new regulations have been fixed as 16th of February, 2020. Consequently, many of the new messages would be available for testing from the 15th of January. In the interim phase till 15th February, the stakeholders would be required to send the messages/manifests in the new format as well in addition to the existing formats. This would be the testing phase to ensure that the complete switchover to the new formats in February is smooth.

3. It is imperative, therefore, that all the stakeholders register on ICEGATE and apply from within their ICEGATE login to operate under the new SCMTR. Table 1 below gives a matrix of different entity types that are required to register along with the messages/manifests they would be required to file with Customs. Further details on these were given in earlier advisories and is also available on ICEGATE website under the new Sea Cargo Manifest Regulations link (<https://www.icegate.gov.in/SeaManifestRegulation.html>) . With a few exceptions as detailed in column (iv) in the table below, the registration process remains largely the same for all the stakeholders which has been detailed in the above mentioned advisory 04/2019. The advisory also details on the process of approval of registration by the Customs officer in ICES.

TABLE 1

Entity Type (i)	Description (ii)	Messages/Manifests (iii)	Specific Requirements for Registration (iv)	Tentative Date to Start Testing (v)
ASC – Authorized Sea Carriers	Shipping Lines and Shipping Agents	SAM, SDM, SEI, SDN		25.01.2020
ANC – Other Notified Carriers	Freight forwarders, NVOCC	CSN	National Surety Bond (Bond Code = 'SB') as per Regulation 1A to be registered in System before approval of registration by officer	15.01.2020
ATO – Authorized Terminal Operators	Terminal Operators	Vessel related messaged (VCN, VESPRO etc.), Container Loading/Landing Reports	Auto Approval – No requirement for officer approval.	15.01.2020

ACU Authorized Custodians	– CFS/ICD/Port Custodians	SF/ST, Actual time of Arrival/Departure	Auto Approval – No requirement for officer approval. Requirement first to onboard ICEGATE MFTP (ref. ICES Advisory 14/2019 dt 12.06.2019).	15.01.2020
ATP Authorized Transhippers	– Transhippers executing the TP Bond and responsible for the cargo during transhipment	ASR, CIM-AR, CIM-DP		25.01.2020

4. If the same entity is executing different roles, they have to apply separately for each of those entity types to be able to file the respective messages. The queries raised by Customs officer while approving the registration can also be answered by the applicants online through their ICEGATE login. In this context, it is clarified that currently there is no option with the applicants to upload additional documents while replying to query. Therefore, if any additional document is required to be seen by the officer, the same may be done manually and not insisted upon to be submitted electronically. Further, it is clarified that there is no prescribed format for the self-declaration of “no pending cases” to be submitted along with the application. A self-attested declaration should be accepted unless it is contradictory to any facts on record. Since this is a new registration process even for the stakeholders, queries should be raised only if necessary. By the end of this month, option to amend the registrations would also be made available to the stakeholders on ICEGATE.

5. The email id on which test files can be sent by the stakeholders will also be shared soon. Considering that the testing will begin within a week with actual stakeholders and that the new formats as per the regulations will become effective from 16th February, it is requested that necessary Public Notices be issued and meetings with various stakeholders be conducted to ensure that the registration process for everyone is complete by 20th of January, and the test filing of the different messages by the stakeholders begin immediately. A checklist for the same is also given as Annexure A. The checklist filled with the details of the completed registrations may kindly be emailed to team.ices@icegate.gov.in by 20th January. A dashboard has also been made available in ICES to monitor the pendency/processing of the registrations.
