Agenda no.12: *Open brief discussions on:*

Agenda no.12a: **Customs Matters/ CBLR**

Mr. A. V. Vijayakumar stated that during the term FFFAI had more than nineteen meetings with CBIC regarding Custom matter. Apart from that we had few meetings with CBIC which was attended by 2-3 members. During the term we have made more than fifty representation to CBIC. He highlighted that almost all the representation made by FFFAI were accepted by CBIC favourably. It is very evidence that whatever representation received from the members were presented along with representation done ourselves were considered by CBIC and circulars, notification were issued to that effect. There are implementation issues on the circular issued by CBIC for which local association President and Executive Committee Members should represent to the local Commissionerate and if still the problem persist than it should be reported to FFFAI for representing to the CBIC. He was glad to inform that every Association is representing locally and also informing FFFAI. He congratulated Presidents of Member Association and Executive Committee Member for doing the wonderful job.

He stated that last few days some circulars have been issued by CBIC after Faceless Assessment. The major issues faced are implementation of TFA. As per the direction of NTFC, CBIC issued circular but the industry is not equipped and prepared to accept TFA implementation. It is our responsibility to inform the trade and make them equipped with the TFA implementation. The small importers, exporters are not member of FICCI, FIEO, and CII hence they do not get the circulars issued by them due to which it becomes our responsibility to guide them about the initiative taken by CBIC for the benefit of the trade.

He added that best achievement concern for Custom Brokers is CBLR. Now the Custom Brokers License is validity for lifetime unless your license is revoke or inoperative for one year. CBIC will be issuing clarification about the security deposit paid to the custom, as it is time frame of ten year, FDs, bank guarantee, postal certificate etc., and once the license is in system it will automatically get renewed There are certain concern on the G cards for operation purpose as there is no validity it is upto the validity of Custom Broker license. He requested members to give their suggestions on circular issued and G card.

Mr. Dushyant Mulani thanked members for their valuable inputs, suggestion given to FFFAI and constant feedback is coming from all location. CBIC issued circular for specific time of three hours for first attendance of bill of entries, auto-escalations, all RMS bill of entry would be direct port delivery. On CBLR – lifetime validity of Custom Brokers license.

Mr. S. Ramakrishna stated that for G card there is facility in the system to add as child to the main F card holder and most of members do not include H card holder as child in the system hence department is implementing system wherein you can add H /G card holder in the system and if the employees leaves the organisation you can block them in the system and inform your local system manager for the same. He added that CBIC will be issuing circular with regard to bank guarantee, bonds, post office certificate or FDRs.

Mr. Vinod Sharma said it is great achievement for Custom Brokers fraternity that license if valid for lifetime validity. At Pune some members have applied for the renewal of license and they do not have clarify as their policy section is in Mumbai hence wanted to know how we can help the members.

Mr. Samir J. Shah congratulated members for their lifetime validity of Custom Broker license. He opined that we should ask for more clarification from the Board as F/ G card will be valid for lifetime and H card validity would be as per CBLR which needs to be monitored by Custom Broker. There will be restriction from all the local custom department hence we should not ask for the clarification.

He further stated that we should represent that no security deposit, bank guarantee will be paid.

Mr. Mannu Choudhary thanked FFFAI to giving creditability to Custom Brokers as professional service provider. He agreed with the views and said we should not ask more clarification from the Board as G / H card employees are appointed by Custom Brokers hence if they leave the organisation a letter should be submitted to the local Custom to discontinue their card.

Mr. A. V. Vijayakumar clarified that FFFAI has sought clarification regarding security deposit, bonds, bank guarantee, FDR, post certificate and not for the card issued.

Mr. Kiran Rambhia congratulated FFFAI efforts and agreed that 80-90 percent of the favourable decision are received from CBIC. He stated that BCBA has made submission to Commissioner General Mumbai about the validity of all the cards at par with the Custom Broker license irrespective whether it is F/ G / H category. At Mumbai H & G card are for five years and for ten years also hence we have asked for the lifetime validity of card also.

Mr. A. S. Ramasamy stating regarding CAROTAR 2020 he thanked Board for issuance of clarification circular no. 18/2021. In the said circular needs some clarification that Customs is not issuing any confirmation letter for the previously verified certificate if we get it for further shipments it will be easy for us to upload in the system that it is already verified hence there is no need to RMC instructions or any other queries.

Mr. A. V. Vijayakumar replied that as per circular if the certificate is verified previously then it is not required to be done again.

Mr. Jogesh Sethi stated the as per CBIC circular Custom Brokers license is valid for lifetime then should be approach the Customs for renewal of license and F card validity.

Mr. A. V. Vijayakumar replied that it will be renewed automatically and it is not required to approach policy section.

Mr. Karthikeya Prabu stated that with reference to clearance under CARTOTAR FTA certificate, whenever the certificate is required to be checked for authenticity the importer has the provision to go for the provisional assessment and on the provisional assessment few importers have requested whether they can pay cash and clear which we have given them the option. After the final assessment when favourable orders have come for the authenticity of the certificate of origin the refund process is lengthy process even bank guarantee is lengthy process and cost consuming.

He further stated that many processes are happening online and kind of electronic cash ledger system which is available in GST, similar facility should be available to importer when he wants to pay difference duty between the merit duty and the beneficial clearance that amount should be allowed to deposit under electronic cash ledger option which should be kept lock in the system. Once the final assessment is completed the electronic cash ledger should be opened which will help the importer to use that fund for subsequent import duty or IGST payment which will avoid refund and also minimise the paperwork.

Mr. A. V. Vijayakumar appreciated the suggestion given but stated that this issue should be taken by importers because CAROTAR is one of the serious subject. In meeting which we held with top officials the misuse of the certificate identified in wide areas.

Mr. S. Nanda Prakash stated regarding CBLR 2021 license not operated for last one year cannot be renewed which means if the license is non-operative due to some reasons for past one or more year whether it is possible to renew the license as per CBLR 2021 as it states only past one year which is not operated.

Mr. A. V. Vijayakumar replied that it is valid from the date of issuance of circular but the license which is not operated for last few years can be renewed or not needs to be checked.

Mr. Vipin Vohra stated that for import if the assessment is not done in three hours it will automatically get escalated but on the exports the circular is silent. He suggested that we should address that for export if it not done in three hours it should be automatically escalated.

He further stated that for drawback shipping bills the value has been increased from five lacs to twenty lacs will go to Deputy Commissioner. The export of pharma product is more and to obtain the approval of Deputy Commissioner delays the drawback refund. He suggested it should be requested to increase the limit to fifty lacs which will help the trade.

He added the representation made by the FFFAI to various Ministries, Department should be circulated to Convener of particular council/ committee which will help them to take the issue while attending the meeting on behalf of FFFAI.

Mr. A. V. Vijayakumar responded that CBIC is simplifying the entire export process.

Mr. Dinesh Gupta stated that in chapter 2710 the transformer oil duty is being levied by FAG port at the time of assessment hence it is required to recall the bill of entry which is time consuming. Kandla/ Mundra are filing approx. one hundred fifty bill of entry on daily basis by which lot of time gets wasted.

Mr Dushyant Mulani replied that we had already raised the issue in three major meeting with CBIC and in CCG meeting. Member (Custom) has directed DG System and Director (Customs) to get the rectification done on as soon as possible.

Mr. S. Ramakrishna stated that matter has been referred by JS (Customs) to JS (TRU) and file is pending which should be resolved sooner or later.

Mr. Devendra Thakker stated the clarification circular issued by CBIC for Bond and Bank Guarantee will be helpful to the trade. After becoming an AEO it was requested to the Customs to return the Bank Guarantee and it was understood that it was lost. He added that they have included the details of H/ G card in the system but does not know how to block the card if the person has left the organisation.

Mr. A. V. Vijayakumar replied that AEO is valid for five year whereas custom broker license is for ten years. If your bank guarantee is misplaced take the letter from the Custom address to bank and bank will release the bank guarantee amount. As far as name of employees to be blocked who have left the organisation but have not surrendered their H/ G card it is the responsibility of Custom Broker to take strict action against that and Customs cannot do anything.

Mr. Devendra Thakker stated further that they have obtain the letter from Custom regarding misplaced of bank guarantee but bank is not accepting.

14

He continued saying that importer and exporters are informing that the bank rate of interest is low whereas Customs is charging more rate of interest for any delay.

Mr. A. V. Vijayakumar replied that FFFAI has addressed the issue of accountability in every meeting held with CBIC.

Mr. Puneet Jain read out the clause of CBLR and said G card is given to the qualified person after passing the examination and in case custom broker wishes to transfer the G card to other location then the G card can be issued at particular location or can be person have two G cards.

Mr. A. V. Vijayakumar responded that F card be used for all location but G card it is being issued at one location only. FFFAI will not support as it will be misused as most of G card holders are employees and not the owners.

Mr. Dhiren Chhaya queried whether it is mandatory to appoint G card holder if F card is transacting the business in the custom other than the parent custom station.

Mr. Puneet Jain stated that food import clearance which are under FSSAI Regulations, now even the Revenue laboratories along with CRCL laboratories are also authorised to test the food sample. The reports are not received in time due to which the consignment gets delay.

Mr. A. V. Vijayakumar stated that even Ludhiana had similar problem hence FFFAI has already represented the matter to the Board and informed to wait for some time clarification will be issued. Government of India has spent lot of money to renovate and do the additional facility for testing at CRCL hence the circular was issued to use the facility. FFFAI has received compliant from Ludhiana hence the issue was represented to the Board.

Federation of Freight Forwarders' Associations in India

National Apex Body of CUSTOMS BROKERS' ASSOCIATIONS IN INDIA

[ESTD. 1962]

Mr. Rajesh Verma stated that the matter has been represented to the local Commissioner and copy of the same was forwarded to FFFAI but till date nothing has happen. The field formation is taking the clue from the circular 46/2020 which states that two CRCL laboratory based at New Delhi and Baroda have been upgraded to test the food samples, but it does not mandates that samples should be forwarded to CRCL it is only preferable. As per the FSSAI notification all the Custom Shed staff is the Authorised Officer wherever the FSSAI Officer are not posted. Trade needs to represent this issue regarding difficulties faced.

Mr. Hiren Ruparel stated that Custom Brokers are getting all the facilities now hence we should adopt the best practices in clearance process across the country. He suggested that review should be taken from all location and adopt the best practices.

Mr. R. Rajesh Kumar stated that they have multiple form G holder in the organisation hence wanted to transfer few G card holder to Tuticorin and did all the process but Tuticorin Customs denied saying that we should appoint local Form G holde which is big issue. He further stated that at Coimbatore DP World has purchased almost all the companies in the field and now they are getting into custom clearance, transportation, freight forwarding which is big issue. He stated that there should be some norms for the terminal operators to be follow.

Mr. A. V. Vijayakumar stated not only DP World, Shipping lines, CFSs, airlines, CONCOR everybody is entering into custom clearance which we cannot stop. How can we overcome the situation needs to be thought.

Mr. Jogesh Sethi stated that custom brokers are unable to view the amendment process in the system which at present we are unable to view.

Mr. Dushyant Mulani stated that FFFAI had made detailed representation on online amendment, tracking thereof, even the format has been provided in which it should be displayed on the ICEGATE dashboard. CBIC circular 14/2021 has come with dashboard for escalation but will get that includes this also in the circular.

Mr. Rajesh Verma stated that bill of entry is pending with FAG, we are unable to trace the bill of entry which we should be able to track. He further stated that there is lot of delay in first check clearance and suggested that there is some bound for first check clearance also. Delay in reassessment as each bill of entry has to go approval of ADC and JC. He suggested that power should be given to DC to approve rather than file going to ADC and JC.

There is lot of import of waste tyres and every time there is 100% examination or going for the first check for regular importer. He added that Government of India is setup lot of ICDs hence they should install one scanner in ICDs for the scrap consignment and all the scrap consignment will go to that particular ICDs.

There are repeated queries being raised under Faceless Assessment for same item being cleared. The department is unnecessarily testing the samples for the items which can be physically be verified and not required to be sent to CRCL laboratory.

15

Mr. A. V. Vijayakumar stated that for first check more officers are posted for example Chennai and Nhava Sheva each CFSs has AC posted whereas for multiple ICD one Officer is posted. FFFAI will address this matter to the Board to appoint Officer at each ICD who can take decision. The man made problems is being discussed in different way.

Mr. Sudip Dey stated when importer himself wants to recall the bill of entry then why permission should be taken from Officer. It should be for only RMS facilitated bill of entry when Officer wants to send back hence to stop misuse permission should be sought from Senior Officer.

Mr. Vinod Sharma said that Member Associations are surviving upon membership fees. In the circular there is no clarity whether custom brokers should become member to local association where the license is also extended apart from parent location. He requested to address the issue to get the clarification.

Mr. Shankar Shinde said that lot of interesting suggestions are coming from the house. FFFAI has been asking to provide points for discussion on agenda points, if points would have been received by FFFAI in advance then it would have helped to have fruitful discussion. He requested members to kindly provide points for including in the agenda of the Executive Committee Meeting.

Mr. Kartik Pancholi stated that we had discussion in the CCG meeting and also with Member (Customs) regarding sample withdrawal of Gold Dore Bars. Several communication were sent to Member (Customs) but nothing has happen. He added that in the recent CCG meeting it was noticed that points are pending for action are not being discussed in the next CCG meeting. FFFAI has requested earlier to keep the session where pending points can be discussed.

He congratulated Chairman for the way it was pursued for prefer notification from the platform of FFFAI in which we have succeed and Board has started issuing notification with prospective effect.

Agenda no.12b: **GST/ Service Tax Matters.**

Mr. M. Satyanarayana stated in the GST Return there is no column to show the reimbursable expenses whereas in Income Tax return it can be shown, due to which there is difference in Income Tax return and GST Return filed. Department is issuing notice seeking clarification that why there is difference. He requested that there should be provision in the GST return to show the reimbursement expenses while filing the returns.

Mr. S. Ramakrishna stated that reimbursable expenses cannot come in your GSTN because GST number pertains to importer or exporter. The problem comes when client deducts TDS on the reimbursable expenses for which circular has been forwarded by FFFAI. On the invoices stamp should be put that it is reimbursable expenses hence TDS should not deducted under 194C. If still the client deducted TDS then maintain the excel sheet and whenever any notice is issued by Income Tax or GST department the same can be shown.

Agenda no.12c: **Port related Issues.**

Agenda no.12d: **Sea Freight related issues**

Mr Devendra Thakker said that shipping lines are paying to the CONCOR Inland Haulage charges for export container locally and are charging heavy Inland Haulage charges to the exporters.

Mr. A. V. Vijayakumar stated that issue was discussed with CONCOR and have highlighted the issues and CONCOR is working on it.

Mr. Devendra Thakker further stated that shipping lines are not allowing to deduct TDS on the local charges on THC for which details have been shared.

Mr. Rajesh Verma stated that CONCOR has not increase the charge but shipping lines are increasing the charges by changing the slab. He further stated that freight rates have gone very high hence it is required to take up the issue with Special (Secretary) Logistics regarding the exchange rate. The shipping lines are forcing the exporter that if they are going on with carriage haulage charges then your handling over will be in ten days or otherwise it will be seven days.

Agenda no.12e: **Airport and Airfreight related Issues.**

17

Mr. Vipin Vohra said that he had attended four meeting in the last week. He had attended meeting organised by Honourable Prime Minister of India on behalf of PHD Chamber of Commerce. The message given by Honourable Prime Minister of India was to increase the export and for increasing the export they are ready to do anything. Fortunately he had opportunity to meet Shri Subrahmanyam Jaishankar - Minister of External Affairs and discussed the issue and was assured that Government is looking into it. He further stated that he had opportunity to meet Mr. Jyotiraditya M. Scindia - Honourable Minister of Civil Aviation and discussed about the issue faced. He informed that Ministry of Civil Aviation had formed a committee under the leadership of Minister of Civil Aviation in which FFFAI, ACAAI are not included hence requested to include FFFAI and ACAAI to be part of the committee.

The new Economic Advisory has taken charge but has no knowledge about the cargo as he is from MSME. Ministry of Civil Aviation is seriously looking for improving air cargo. Ministry has requested to provide the points on difficulties faces and suggestions to increase the air cargo.

Agenda no.12f: **ICD related issues**

Mr. Vinod Sharma stated that we had detailed meeting with CONCOR and CONCOR has agreed the incentives will be paid to Custom Brokers and to shipping lines. If any members are facing problem in getting incentives they can write to CONCOR.

All ICDs are depending upon main ports whether it is imports or exports. Due to DPD for import and exports the volume of ICDs have come down, now the empty containers are not available at ICDs.

Agenda no.12g: **Association Matters.**

Mr. Pradeep Kale said on behalf of Pune Association would like to appreciate Chairman Mr. A. V. Vijayakumar that under his guidance the entire committee has done excellent job. During the COVID-19 Pandemic situation lot of meetings were conducted with CBIC, Ministries, DG Systems and other Government Authorities which had fruitful outcome. FFFAI had organised several webinars on topics related to custom brokers and exim trade. Due to the constant representation Board has issued several circulars during the Pandemic time. He opined that Pandemic situation has proven lot fruitful as all the Executive Committee Members wholeheartedly supported FFFAI.

Mr. Shantanu Bhadkamkar said that his term as President in AMTOI will be completed in September, 2021. He added that we cooperated very well as AMTOI, FFFAI, CAI, INSA and some other association also. Meetings of coordination with association has gone well which includes moving out of FILA and creating another group.

Mr. A V. Vijayakumar stated that some local associations are not endorsing the application of Allied members. He proposed that if any association is not attesting the application of Allied membership application can be accept the application without attestation of local association.

Mr. Shantanu Bhadkamkar stated that there is no provision in Constitution that we require endorsement from the local association. It was discussed that instead of endorsement we merely check whether they have any objection.

He opined that we should welcome the application of Allied member as they are better in our fold rather than keeping them out.

The house unanimously accepted the proposal that if any association is not attesting the application but the application is in order it should be accepted.

Agenda no.13: **To discuss regarding Indian Institute of Freight Forwarders matters: (IIFF)**

Mr. Tej Contractor said that first online course is doing well which will be concluded in couple of months. IIFF has announce 2nd online program with Independence offer of 50% discount in fees upto 31st August, 2021.

He requested members to nominate 5 members for training. IIFF has collaborated with 3 institutes and MOUs have been signed.

He added that Rule 6 exam this year was game changer. IIFF will roll out online program for Rule 6 in details which will be run for 3-4 months. This can also be used as refresher course for existing custom brokers.

Mr. Sudhir Agarwal suggested that IIFF agenda should not be kept last. He further stated that besides Diploma we need refresher courses for existing Custom Brokers.

Mr A. V Vijayakumar said that under IIFF banner we will conduct HSN code training which will be chargeable for the members.

Mr. Dushyant Mulani informed members that FFFAI had received 16 new applications for Associate membership 6 new applications for Allied membership. He said that the applications were in order and requested the approval of the house for their admittance to the membership of FFFAI.

The house unanimously approved all the applications received for the membership of FFFAI. **(Annexure D)**

He further stated that 1st Executive Committee meeting for the term 2021-2023 will be held on 25th September, 2021 in physical form.

The house unanimously approved the date of 24th September, 2021 at 05:00 pm in physical form for the 58th Annual General Meeting and 25th September, 2021 for the 1st Executive Committee Meeting for the term 2021-2023 in physical form.
