

VIRTUAL SHOWCASE

OF

“BEST PRACTICES IN THE EUROPEAN DISTRIBUTION SYSTEM”

Antwerp Port brings together the “Best in Class” of European supply chain leaders over a three day interactive programme. The programme aims to share practical aspects in managing robust global supply chains and offers insights on innovative approaches to cost and time efficiency. The programme will be delivered digitally and is best suited for decision makers in supply chain management, international business and project management professionals.

TENTATIVE PROGRAM:

Day 1, Belgium as a logistics European hub

- ◆ [Luc Arnouts \(Antwerp Port Authority\)](#) : Introduction to the course and factors for an ideal ecosystem while considering the hub of supply chain operations.
- ◆ [Nathan De Valck \(Brussels Airport\)](#) : Airport as a gateway for the Indian freight to Belgium.
- ◆ [Nike](#) : case study of Belgium as an EU distribution hub.

Day 2, Cold chain logistics

- ◆ [Joost Vanderplaetsen \(Katoen Natie\)](#) : A new concept in pharma handling and distribution.
- ◆ [Ben Van Wolput \(Antwerp Cold Stores\)](#) : Essential aspects in handling of perishables.

Day 3, Multipurpose & breakbulk terminals

- ◆ [Eric Clonen \(AProjects\)](#) : Project cargo global consolidation.
- ◆ [Ardian Lekaj \(Nova Natie\)](#) : value added logistics and other aspects.
